

The Cell Signaling in Cancer Conference: From Mechanisms to Therapy

Keynote Speaker Bio: Dafna Bar-Sagi

Dafna Bar-Sagi, PhD, is the Saul J. Farber Professor of Biochemistry and Molecular Pharmacology and Professor of Medicine at NYU Langone Medical Center. Dr. Bar-Sagi is a world-renowned cancer biologist whose work has had a major impact on the understanding of mechanisms that control tumor initiation and progression. Her seminal contributions to the field of tumor biology were recognized by election to the National Academy of Sciences. Her recent research focuses on oncogenic Ras-dependent drivers of pancreatic cancer.
